The Country Day School Computer and Internet Acceptable Use Policy

It is our goal for all students to develop computer skills for learning and life. In order for students to have access to the Internet, certain rules must be followed and understood.

A. Acceptable Use by the Student

I understand that in order to use the computers and Internet at The Country Day School I must adhere to the following rules:

1. I will not delete, copy, modify or forge other user's files. I will only use files and applications that are assigned to me.
2. I will not damage computer equipment or install any software.
3. I will not visit Internet "Chat Rooms" or social networking sites (Myspace, Facebook, Twitter, etc.)
4. I will not give out personal information on the Internet.
5. I will not use inappropriate, impolite or abusive language.
6. I will report all problems immediately to the teacher.
7. I will ask my teacher before I download anything from the Internet.
8. I will use the internet (browsing and e-mail) for appropriate **educational** purposes only.
9. I will obey all copyright rules and regulations

B. My Promise to Follow The Rules

My parent/legal guardian and I have reviewed and discussed this Acceptable Use Policy. I understand the importance of being polite, respectful, honest and obeying all the rules. I understand that I should not give out personal information about my family or myself on the Internet. I understand that the Internet is an electronic information resource that is to be used for educational purposes only. If I break the rules of the Acceptable Use Policy, I understand that my computer usage may be suspended or that other disciplinary action may be taken. I promise to follow the rules.
